First and Last Name: _____

Day Phone: _____ Evening Phone: _____

Cell Phone: _____

E-mail address (print): _____

Postal Address: _____

City, State, Zip: _____

Bring a portable Computer

This workshop includes a “lab” where participants will use their own photos, film clips, and computer to create a movie. In recent years, most new computers were shipped with Windows XP and *Windows Movie Maker*, but any similar movie making program will do. Here is a checklist:

- Portable Computer and power-pack with Movie Maker installed.
- Blank DVD's.
- Digital photos or clips you've selected for your film. (Saved on your hard disk.)
- Background Music or other Audio for your sound track. (Saved on your hard disk.)
- Power Strip (optional).
- Paper, pencil, etc.

No computer? You don't need to bring a computer, but without it you'll be missing the value of hands-on experience and expert coaching. If possible, borrow one for the day.

Should you need to contact us:

E-mail to: info@njstatefilmfestival.com

Phone: 609 884-6700

Thank you for registering early. Enrollment is strictly limited. Pre-registration is a must.
Walk-ins CANNOT be guaranteed a spot.
